

I would like to submit these signed petitions from residents of the town of Shalimar and the adjoining property owners on Carl Brandt along with a request for the council to abandon any and all plans to place an RV/Trailer storage facility on the Richburg Avenue property.

We would like the council to address the following issues:

1. Safety
2. Feasibility
3. Liability
4. Government in private industry
5. Town competing against Shalimar Yacht Basin
6. Compatibility with residential neighborhoods
7. Stewardship of tax payer dollars
8. Maintenance issues and cost of operating facility
9. Citizen responsibility
